

#### THE PROGRAM

Philosophy is the study of the nature of reality, knowledge, and value. It is a discipline that seeks to understand the fundamental principles of existence and the human condition. The program offers a rigorous and comprehensive education in the history and theory of philosophy, preparing students for careers in a variety of fields.

Philosophy is a discipline that seeks to understand the fundamental principles of existence and the human condition. It is a rigorous and comprehensive education in the history and theory of philosophy, preparing students for careers in a variety of fields.

#### INTERNSHIPS/UNDERGRADUATE RESEARCH

Students in the Philosophy program have the opportunity to engage in internships and undergraduate research. These experiences provide students with hands-on learning and the chance to contribute to the field of philosophy. Internships are available in a variety of settings, including government, education, and business. Undergraduate research allows students to work closely with faculty members on cutting-edge projects.

#### BEYOND THE CLASSROOM

Philosophy is a discipline that seeks to understand the fundamental principles of existence and the human condition. It is a rigorous and comprehensive education in the history and theory of philosophy, preparing students for careers in a variety of fields. The program offers a variety of opportunities for students to engage in extracurricular activities, including student organizations and community service projects.

#### THE COURSES

The Philosophy program offers a variety of courses that explore the history and theory of philosophy. Students can choose from a range of introductory and advanced courses, including courses in logic, ethics, and political philosophy. The program also offers a variety of special topics courses that allow students to explore specific areas of philosophy in greater depth.
